Country of Origin Labeling (COOL)

12/22/2015: As you may have heard through media this week, COOL (Country of Origin Labeling) has been rescinded by Congress and USDA for beef and pork products. **Thus as we enter this project year for the 2016 fair season, no COOL forms will need to be collected from the beef or swine exhibitors.**

See below an article of Secretary of Ag Vilsack's statement:

However, sheep and goat COOL forms are still to be collected as they were not a part of this legislation. Sheep and Goat Exhibitors should use the form below and/or check with your local marketing outlets for their desired documentation:
