

The Dunn County Fair Meat Animal Project is a commitment that starts with the rules meeting in the winter (if applicable) and continues through the carcass clinic and thanking the buyers the following summer. Project members need to complete the project as indicated by the following rules. It is your responsibility to understand the rules that apply to you. If you need help, contact your species committee member.

## Mission Statement

The primary objective of the Dunn County Fair Meat Animal Project is to encourage and educate project members to improve their programs in the production, breeding and management of high-quality meat that will more adequately meet processing requirements and provide wholesome, nutritious, and palatable meat as a food for the consumer.

## Eligibility

- Any youth exhibitor that meets the Eligibility to Exhibit section requirements as outlined in the Dunn County Fair Book is eligible for the Dunn County Fair Meat Animal Project.
- He/she must be enrolled in any of the following projects or enterprises: beef, dairy, sheep, swine and/or goats.
  - Cloverbuds are not eligible to participate in the project.
- The Committee has the right to review individual eligibility.
- All exhibitors must follow County, State and Federal mandates, including but not limited to applicable IRS Regulations.

## New for 2022

- Beef weigh-in is required for all Beef MAP project entries (see requirements below)
- Weigh-in for Sheep/Goats remains optional
- Specific information for each weigh-in will be shared on the [Dunn County Fair website](#) closer to the weigh-in.
- Deadlines for the following:
  - Beef Species Project Entry Forms: due at Beef weigh-in, February 5, 2022, 8–10:00AM CST.
  - Beef YQCA Certificates: due April 23, 2022, 4:00 PM via email to Brooke Brantner, [brookedbrantner@gmail.com](mailto:brookedbrantner@gmail.com).
  - Swine, Sheep and Goat Species Project Entry Forms and YQCA Certificates: due at Sheep/Goat weigh-in, April 23, 2022, 8–10:00AM CST.
- There will be no orientation and rules meeting. Please contact a species representative or superintendent with questions.
- **IMPORTANT:** This document covers rules that apply to all MAP participants. Rules, Entry Forms, and other MAP information is available on the [Dunn County Fair website](#).

## Youth for the Quality Care of Animals Certification (YQCA)

- YQCA is required for all members to sell an animal at the MAP Auction.
  - If you do not have a valid certificate for 2022, you must complete the online training on the YQCA website.
  - To sign up for a scheduled training, or to take the online training, you must create or update your previous profile at YQCA's website. 4-H families can sign in with their 4-H Online profiles while members of other youth organizations will need to use the other option to sign in – both are available at: [Youth for the Quality Care of Animals website](#).
  - A copy of the certificate must be turned in no later than April 23<sup>rd</sup>, please see above for times.
  - No exemptions or the exhibitor will not sell.

## Understanding Market vs. Performance Project Options

	Market	Performance
Initial weigh-in required?	No	Yes
Required to have an ultrasound scan at the fair?	Yes	Yes
Required to weigh-in at the fair?	Yes	Yes
Eligible to sell in the Meat Animal Auction?	Yes – must meet species specific minimum sale criteria	Yes – must meet species specific minimum sale criteria
Eligible for Carcass Awards?	Yes	Yes
Eligible for Total Performance Awards?	No	Yes

# 2022 Dunn County Fair Meat Animal Project Rules

Effective 12.31.2021

## Project Specific Information by Species

Species	Beef	Sheep	Goats	Swine
Superintendent	Brooke Brantner (715) 556-7172	Wendy Maves (715) 828-5384	Lori Gorell (715) 379-3401	Tina Edwards (715) 309-3166
Species Rep	Jennifer Dressel (715) 962-4132	Katie Baier (715) 577-2579	Amy Smiskey (715) 308-8818	Timothy Holmstedt (715) 556-4857
Project Options (Market vs. Performance)	<ul style="list-style-type: none"> <li>All Beef animals will be entered into the Market <b>and</b> Performance Meat Animal Projects</li> <li>Performance Meat Animal Projects are eligible for total performance awards.</li> <li>Total performance is a combination of live show rank, average daily gain (ADG) rank, and carcass rank.</li> <li>The initial weigh-in is used to determine ADG, which is a performance indicator.</li> </ul>	<ul style="list-style-type: none"> <li>Members can choose to participate in either the Market Meat Animal Project or the Performance Meat Animal Project.</li> <li>Performance Meat Animal Projects are eligible for total performance awards.</li> <li>Total performance is a combination of live show rank, average daily gain (ADG) rank, and carcass rank.</li> <li>The initial weigh-in is required to participate in Performance as ADG is a performance indicator.</li> </ul>	<ul style="list-style-type: none"> <li>Members can choose to participate in either the Market Meat Animal Project or the Performance Meat Animal Project.</li> <li>Performance Meat Animal Projects are eligible for total performance awards.</li> <li>Total performance is a combination of live show rank, average daily gain (ADG) rank, and carcass rank.</li> <li>The initial weigh-in is required to participate in Performance as ADG is a performance indicator.</li> </ul>	<ul style="list-style-type: none"> <li>Members can only participate in the Market Animal Project. **MAP Participants Must Abide by all Dunn County Fair Rules and Regulations**

- Please ensure you review these at the Dunn County Fair website.
- Refer to last years' fair book until the new version is available.

**Animal Care and Herdsmanship:**

- The project animal(s) must be in the care of the project member.
- All livestock exhibits must be properly watered, fed, cleaned, and cared for at all times during the fair until check-out on Sunday.
- Stalls and pens will be checked at 9:00 am and periodically throughout the day and the course of the fair.
- Penalties are assessed to members not meeting the standards of the superintendent.
- Standards will be posted in each barn area.

**Sale Eligibility**

- All animals for each species, beef, swine, sheep, and goats, up to 110 animals, meeting the sale criteria, are eligible to sell.
- ≤ 110 sale eligible animals: If there are under 110 animals and your animal makes minimum weight, you will be eligible to sell.
- > 110 sale eligible animals: If there are over 110 animals, we will use the available data, scanned and/or live carcass grading to make cuts.
- See weight requirements for each species.
- The Scan Technician and Judge's (Live and Carcass) decisions are FINAL in all cases.
- Scan Data is utilized for the Carcass Clinic Rankings and grading.
- NOTE: If carcass ultrasound scan data is not available for all species, the committee will utilize the judge's live grading to establish eligibility for the auction.

**Maximum Auction Numbers / Substitutions**

- Animals can only be weighed ONCE during Fair weigh-in.
- The maximum number of animals to sell in the auction is 110, guaranteed sale numbers:
  - 35 beef
  - 50 hogs
  - 10 goats
  - 15 sheep
- Substitutions between species allowed until the maximum sale number is reached.
- What if sale numbers exceed quota?
  - To meet maximum quotas, it may be necessary to eliminate animals meeting minimum weights and grade.

- Under that circumstance, elimination will begin with the last-place carcass ranking (based on scan data or live grading) and continue upward until the quota has been met.
- Judge's decision is final in all cases.
- How are substitutions handled?
  - In the event that one or more species have not met their quota for sale numbers and others have exceeded their quota, substitution may be allowed.
  - Allocation of open sale spots will be based on a proportion of excess animals.
  - Once the number of animals to substitute has been determined, allocation within a species will be based on scan data carcass ranking where the next eligible animal will be substituted first.
  - In the event scan data carcass ranking is not available, live grade carcass ranking will be used.

## **Carcass Ultrasound Scan**

- Each exhibitor has one free of charge carcass scan for their species of choice.
  - This animal must be determined by Wednesday at the conclusion of each species weigh-in.
- Any additional carcass scans must be paid by the exhibitor at the time of initial weigh-in.
  - The cost is \$5.00, exact cash is required.
- Scan data will be released as soon as available after each species show.

## **Fit for Consumption**

- All market animals must be fit for human consumption at fair weigh-in and remain so up until slaughter.
- Any animals sold that have an unacceptable odor or taste due to masculine characteristics (or that are found to be over the age listed in your species rules) will be subject to an adjustment between the buyer and the seller under the guidance of MAP.
- All male animals must show obvious signs of castration.

## **One Animal Per Member is Eligible to Sell in the Auction**

- Only animals sold in the auction are eligible for the Carcass Clinic and awards.

## **Identifying Sale Animal**

- Exhibitors must identify their sale animal no later than one hour after carcass results or species show results are posted, whichever comes first, by notifying their respective superintendent in each barn area.

## **WI State Fair Exhibitors**

- In the event of a conflict with Wisconsin State Fair, those exhibitors showing animals at the Wisconsin State Fair must follow the County Fair rules for entry.
- Additional State Fair Waiver rules apply.
- Project member is responsible to obtain these rules.
- If a State Fair Waiver is going to be requested, the respective species superintendent should be notified within one hour after the respective show.

## **Project Poster**

- Each member must complete and place the project poster above their animal by 9:00 PM on Wednesday of the fair.
- The poster must be updated immediately after the Meat Animal Sale by adding the buyer's name and sale price by the 30 minute post sale deadline.

## **Expense Records**

- Expense records will begin at initial weigh-in and must be maintained during the entire feeding period.
- Suggested prices will be given to those not actually purchasing the animal and/or feed and will also be posted in a convenient location.

## **Sale Attendance**

- In the event a project member is unable to sell his/her animal in the auction, a family member enrolled in the project, or another club/chapter member enrolled in the project may take the animal into the sale ring.
- It is the member's responsibility to make these arrangements and to notify the species superintendent as to any changes at least one hour prior to the sale.

- The sale announcer will state the reason the original seller is not in the ring.

**Commission**

- A sales commission of 5% will be assessed to the gross receipts of the meat animal sale.
  - This 5% deduction will be used for administering project awards (4%) and the remaining 1% will go to the Dunn County Fair Board to improve the Rec Park facilities.
- In addition, each member will be assessed an ultrasound fee (at cost per animal evaluated) if they decided to scan more than one of their animals for the live carcass evaluation.
  - Non-sale animals may be given an ultrasound scan for an additional fee per animal, to be paid the day of the ultrasound.
- Fees for the Beef and Swine Check-Off will also be administered as determined by the National Species Office.

**Seller Etiquette**

- Buyers are integral to the market animal sale and are to be treated with utmost respect by participants and their families.
- There will be ZERO TOLERANCE of any badgering, harassment, etc. of buyers by either participants or their families (including, but not limited to, parents, siblings, grandparents, and stepfamily members).

**Thank You Note**

- A prompt Thank You note is required to be delivered to the buyer.

**Penalties**

- The Dunn County Fair Meat Animal Project Committee will determine punishment, which may lead up to, and include, termination of participation in the Dunn County Fair Meat Animal Project for life.
- Failure to abide by these rules may result in a youth being banned from participating in the following year.

**Carcass Clinic and Awards**

- The Carcass Clinic must be attended by all project members, trophies will be awarded to the next place project member if you do not attend.
- The Clinic is set for September 2022 with a date to be announced.
- Graduated seniors are exempt from attending the Carcass Clinic however they will still be eligible for awards.
- No Exemptions will be allowed for exhibitors who do not attend the mandatory carcass clinic, a \$25 check deduction will be enforced.
- Carcass Awards will be presented to individual project members in the following categories for Beef, Sheep, Goats, and Swine.
  - NOTE: Project members must be entered in the Dunn County Fair Carcass Class in their respective species to be eligible for awards.
- **Carcass and Total Performance Awards are as follow:**
  - If there are less than 10 animals exhibited in a species in the carcass class, only 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> place carcass and total performance awards will be given.
  - Additional 2<sup>nd</sup> place trophies may be awarded to beef exhibitors if more than 6 animals are judged within a class.
  - Weighted Total Performance is calculated using the following formula: (ADG rank x .4) + (Carcass rank x .4) + (Live Grade rank x .2).
  - Total Performance scores are then ranked lowest to highest with the total performance tie breaker being carcass rank when more than one animal receives the same total performance score.

Champion Beef, Swine, Goat & Lamb Carcass	Total Performance Goat & Lamb	Total Performance Single Breed Beef	Total Performance Crossbred Beef	Total Performance Dairy	Total Performance Dairy/Beef Cross
1 <sup>st</sup> Place	1 <sup>st</sup> Place	1 <sup>st</sup> Place	1 <sup>st</sup> Place	1 <sup>st</sup> Place	1 <sup>st</sup> Place
2 <sup>nd</sup> Place	2 <sup>nd</sup> Place	2 <sup>nd</sup> Place	2 <sup>nd</sup> Place	2 <sup>nd</sup> Place	2 <sup>nd</sup> Place
3 <sup>rd</sup> Place	3 <sup>rd</sup> Place				
4 <sup>th</sup> Place					
5 <sup>th</sup> Place					

## Educational Requirements

- YQCA is the only mandatory educational requirement. This certificate must be turned into the Species Rep or Superintendent as outlined in the species-specific rules above (see dates as well).
- No exemptions or the exhibitor will not sell.
- Educational opportunities that may be provided and are highly recommended for project members will include the following:
  - Workshop held at a locker plant, prior to the fair (April)
  - Indianhead Sheep and Goat Breeder's Small Ruminant Clinic (late January)
  - Feeding and Nutrition Clinic (mid-February)
  - Fitting and Showing Clinic (late spring)

## Additional Information

- All times, dates and locations are subject to change.
- Information may be posted at the Dunn County Fair website and/or emailed to members using the emails addresses provided by the members.
- Please make sure your contact information is up to date with the project.
- Consider liking and following the Dunn County 4-H and Dunn County Fair's Facebook sites so that you will get the latest news on MAP.
- You may also call your species area superintendent for more information.
- Please ensure that you have read and understand the general as well as species-specific rules. If you have questions, please contact your species MAP representative or species superintendent.

*\*\* It is a privilege, not a right, to be in the Dunn County Fair Meat Animal Project \*\**
