

Stars Stripes and Summer Nights Planter/Container Decorating Contest

The Dunn County Fair is sponsoring a Floral Planter/Container Decorating Contest. Each organization that participates will receive a donation of \$20 per organization (not per planter) from the fair. You may enter more than one planter for your organization. Pick a container that works for your decorations (flower pot, old chair, wheelbarrow, water tank, watering can, pail, etc.) see the examples below.

Planter Guidelines

Planter decorations and/or planter must follow the theme we have chosen for the 2025 fair. Planter decorations can be in the planter with the flowers or may be attached to the outside as long as the planter is still portable. Appropriate fillers (pool noodles, empty disposable containers or plastic bottles) should be used with the potting soil so the planters/containers are not too heavy, remember we will move them and place them around the grounds. Be sure that planter/container is identified with your organization's name.

Decorated floral planters/containers must be delivered to the fairgrounds during the following dates/times:

July 21st 11AM – 8PM and July 22nd 9AM – 1PM

The planter should be dropped off at the fair office, be sure to check in at the fair office when you drop off your planter. Late arrivals (after 1PM on Tuesday) will be displayed but will not be judged and will not receive an organization donation.

Judging will take place on Tuesday afternoon, July 22nd. Each planter/container will be judged on creativity.

All planters should be removed from the grounds on Sunday, July 27th, at exhibit release time.
